

# TAROT CONSULTATION

## CODE OF ETHICS & POLICIES

Thank you for considering me to support you  
on your journey in creating the life you want!

My approach to reading Tarot may not be considered “traditional” to some people, so please read the following carefully:

I **DO NOT** tell you your future. I believe in freewill, and your ability to shape your own destiny.  
The Tarot cards offer guidance, but nothing is ever set in stone.  
**You are the creator in your life.**

My intuition is in the forefront of my readings. Depending on what comes up during your reading, the messages I receive may, or may not completely align with the traditional tarot card meanings.

I may ask several questions to help gain a deeper understanding of your question.  
This may include some background information around the situation you are inquiring about.

To prepare for a reading, I create a sacred space focused around the essence of your question.  
I use a variety of crystals to clear & support the energy of the deck that feels most aligned with your question.

Through meditation, I connect with my higher self, guides & angels, requesting that I am supported in intuitively delivering the message that is most important for your personal growth, and the greater good of humanity. In some cases, these messages may be uncomfortable to hear, however I will always be honest with what I see in the cards, while also being sensitive and respectful to your feelings.

All communications disclosed during a reading are respected and completely confidential.

Inge ♥

Before requesting a reading, please be aware:

I will **NOT** answer “yes” or “no” questions. Open ended questions are far more empowering.  
Some example questions could start like this:

- How can I...
- What is important for me to consider around...
- Why am I experiencing...

I will **NOT** do a reading about third parties (someone else or about what someone else is feeling, etc.).  
My readings are focused on empowering you to make the best decisions that feel right for you.

I will **NOT** offer guidance on legal matters, emotional or physical health treatments, or financial matters.

I will **NOT** do a reading if I feel a misalignment with our energies and/or expectations (*you will receive a full refund*)

I will **NOT** do a reading for anyone under the age of 18 years old.
